

## Progression in Art and Design – Sheering C. of E. Primary School

*‘Every child is an artist.’*

*Pablo Picasso*

### INTENT

At Sheering we offer a structure and sequence of lessons to help teachers ensure they have covered the skills required to meet the aims of the National Curriculum. The intent is to ensure all pupils produce creative, imaginative work. Children can explore their ideas and record their experiences, as well as exploring the work of others and evaluate different creative ideas. Children will become confident and proficient in a variety of techniques including drawing, painting, sculpting, as well as other selected craft skills, e.g. collage, printing, weaving and patterns. Children will develop their knowledge of famous artists, designers, and craft makers. Children will also develop their interest and curiosity about art and design through a series of lessons offering skills progression, knowledge progression and offering children the opportunity to ask questions and demonstrate their skills in a variety of ways. The lessons will offer the chance for children to develop their emotional expression through art to further enhance their personal, social, and emotional development. This progression grid can support any subject leader or teacher of art to ensure progression of skills and knowledge.

### Key Features and Expectations

Key Features:

- Whole school Art Gallery display board showcasing artwork from each class.
- Key vocabulary is highlighted and explicitly taught within the lesson.
- Recapping of prior knowledge and reference to the history of art.
- Pre and post learning tasks or enquiry questions
- 7 elements of art (line, shape, value, colour, texture, space, form).
- 7 concepts of art (drawing, painting, printing, 3D Modelling, collage, digital, textiles).
- Art discussions to analyse art, develop cultural capital and promote expression of feelings.
- Extra-curricular Art Club held weekly.

Expectations:

- Weekly art/DT lessons.
- Artist focus for KS1/2
- Children referred to as ‘artists’.
- Each lesson has the long date and a WALT written or labelled in their sketchbooks (KS2) or art wallets (EYFS/KS1).
- Utilise exciting resources which are loaned from the Essex Library Service e.g. books and artefacts to enhance pupils understanding of artwork during different periods.
- Every child has artwork displayed in the classroom and around the school.
- Using the term ‘key art vocabulary’ when introducing new art terminology.

## **IMPACT**

Art and Design learning is loved by teachers and pupils across school. Teachers have high expectations and more quality evidence can be presented in a variety of ways. All children use technical vocabulary accurately and pupils are expected to know, apply and understand the matters, skills and processes specified. Children improve their enquiry skills and inquisitiveness about the world around them, and their impact through art and design on the world. Children will become more confident in analysing their work and giving their opinion on their own and other works of art. Children show competences in improving their resilience and perseverance by continually evaluating and improving their work. All children in school can speak confidently about their art and design work and their skills.

**EYFS links:**

***Physical Development***

***In Reception***

- Develop their small motor skills so that they can use a range of tools competently, safely, and confidently. Suggested tools: pencils for drawing and writing, paintbrushes, scissors

***Fine Motor Skills ELG***

- Use a range of small tools i.e. paintbrushes
- Begin to show accuracy and care when drawing

***Expressive Arts and Design***

***In Reception***

- Explore, use and refine a variety of artistic effects to express their ideas and feelings
- Return to and build on their previous learning, refining ideas and developing their ability to represent them
- Create collaboratively sharing ideas, resources, and skills

***Creating with Materials ELG***

- Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function
- Share their creations, explaining the process they have used

	By the end of Key Stage One, children should be able to;		By the end of Lower Key Stage 2, children should be able to;		By the end of Upper Key Stage 2, children should be able to;	
	Cycle A	Cycle B	Cycle A	Cycle B	Cycle A	Cycle B
<b>Exploring and Developing Ideas, Evaluating and Developing work</b>	<p>Record and explore ideas from first-hand observations and begin to use these to plan their own artwork</p> <p>Develop ideas – try things out, change their minds</p> <p>Begin to describe and compare artworks in simple terms</p> <p>Describe the work of artists from different times and cultures and identify similarities and differences</p> <p>Begin to compare some of the techniques used in their own and others' artwork</p> <p>Use an artwork as a starting point for their own work</p> <p>Begin to evaluate their artwork and the work of others</p> <p>Identify what they might change in their current artwork</p>	<p>Record and explore ideas from first-hand observations and begin to use these to plan their own artwork</p> <p>Develop ideas – try things out, change their minds</p> <p>Describe and compare artworks in simple terms</p> <p>Describe the work of artists from different times and cultures and identify similarities and differences</p> <p>Compare some of the techniques used in their own and others' artwork</p> <p>Use an artwork as a starting point for their own work</p> <p>Evaluate their artwork and the work of others</p> <p>Identify what they might change in their current artwork</p>	<p>Select and record from first-hand observation, experience and imagination, and clarify and experiment with different ideas</p> <p>Describe and compare artworks</p> <p>Compare some of the techniques used in their own and others' artwork</p> <p>Describe the roles, purposes and work of artists, craftspeople and designers working in different times and cultures, selecting and combining ideas, methods and approaches from these in their own artwork</p> <p>Use an artwork as a starting point for their own work</p> <p>Evaluate their own artwork and that of others in order to improve the quality of their work</p> <p>Begin to develop and adapt their artwork according to their views</p>	<p>Select and record from first-hand observation, experience and imagination, and clarify and explore ideas</p> <p>Describe and compare artworks</p> <p>Compare some of the techniques used in their own and others' artwork</p> <p>Describe the roles, purposes and work of artists, craftspeople and designers working in different times and cultures, selecting and combining ideas, methods and approaches from these in their own artwork</p> <p>Use an artwork as a starting point for their own work</p> <p>Evaluate their own artwork and that of others in order to improve the quality of their work</p> <p>Develop and adapt their artwork according to their views</p>	<p>Select and record from first-hand observation, experience, and imagination, asking questions and clarifying and exploring ideas for different purposes</p> <p>Describe and compare artwork and begin to consider the composition</p> <p>Describe the roles, purposes and work of artists, craftspeople and designers working in different times and cultures, selecting and combining a wide range of ideas, methods and approaches from these in their own artwork</p> <p>Compare methods, approaches and techniques in their own and others' artwork saying what they think and feel about them</p> <p>Use an artwork as a starting point for their own work</p> <p>Evaluate their own artwork and that of others in order to strengthen the visual impact or communication of ideas</p> <p>Develop and adapt artwork according to their views and begin to describe how they might develop it further</p>	<p>Select and record from detailed first-hand observation, experience, and imagination, asking a range of questions and clarifying and exploring ideas for different purposes</p> <p>Describe and compare artwork, and consider the composition</p> <p>Describe different art movements (particular styles of art), and the roles, purposes and work of artists, craftspeople and designers working in different times and cultures, selecting and combining a wide range of ideas, methods and approaches from these in their own artwork</p> <p>Compare methods, approaches and techniques in their own and others' artwork saying what they think and feel about them</p> <p>Use an artwork as a starting point for their own work</p> <p>Evaluate their own artwork and that of others in order to strengthen the visual impact or communication of ideas</p> <p>Develop and adapt artwork according to their views and begin to describe how they might develop it further</p>

	By the end of Key Stage One, children should be able to;		By the end of Lower Key Stage 2, children should be able to;		By the end of Upper Key Stage 2, children should be able to;	
	Cycle A	Cycle B	Cycle A	Cycle B	Cycle A	Cycle B
<b>Drawing</b>	<p>draw from observation</p> <p>use a range of media to draw (incl. pencil, crayon, oil-pastels)</p> <p>begin to fill within the outlines of shapes without going over the edges</p> <p>draw different types of line:</p> <ul style="list-style-type: none"> <li>- thin</li> <li>- thick</li> <li>- straight</li> <li>- curved</li> <li>- zig-zagged</li> </ul> <p>draw shapes with curved and straight sides</p> <p>trace over an image</p>	<p>draw from observation using increased control</p> <p>use a range of media to draw (incl. pencil, crayon, pastel, felt-tip, ball-points)</p> <p>draw different types of line:</p> <ul style="list-style-type: none"> <li>- wide</li> <li>- fine</li> <li>- bold</li> <li>- vertical</li> <li>- horizontal</li> <li>- diagonal</li> </ul> <p>create outlines with a variety of types of line</p> <p>trace an outline using a variety of types of line</p> <p>draw around a template to create an outline</p> <p>fill within the outlines of shapes without going over the edges</p>	<p>know drawing pencils are graded: B = soft</p> <p>the higher the B number on a pencil, the softer it is</p> <p>begin to use 2B pencils to create different shades (light, medium and dark)</p> <p>use a 2B pencil to draw light, medium and dark lines</p> <p>draw geometric and biomorphic shapes from observation using a viewfinder and a 2B pencil</p> <p>create mixed-media drawings using e.g. oil pastel and felt-tips</p> <p>choose/use different drawing media to create effects e.g. fine-liner felt-tip for outlines</p>	<p>use 2B pencils to make an increasing number of shades</p> <p>draw biomorphic and geometric forms from observation using (tints and shades) to make them look 3D</p> <p>use 2B pencils to draw lines to show detail</p> <p>use 2B pencils to draw/shade in curved movements for a shape with curved sides and straight movements for a shape with straight sides</p> <p>draw different types of line:</p> <ul style="list-style-type: none"> <li>- jagged</li> <li>- smooth</li> </ul> <p>draw people with body parts in proportion</p>	<p>draw objects from observation using a range of graded pencils (B) and drawing pens (thick/fine)</p> <p>take rubbings of actual textures</p> <p>use a range of graded pencils and pens to create implied texture through repeated patterns that are close together</p> <p>use overlapping to create perspective when drawing</p> <p>use object placement in the foreground, middle ground and background to create perspective when drawing</p> <p>trace over lines and shapes accurately</p>	<p>draw objects from observation selecting and using a range of graded pencils (B and H) and drawing pens (thick/fine) as appropriate</p> <p>know hard drawing pencils are graded as H</p> <p>know the higher the H number on a pencil, the harder it is</p> <p>use pencil to create observational self-portraits with facial features that are in proportion</p> <p>use a range of graded pencils and drawing pens to create:</p> <ul style="list-style-type: none"> <li>- graded shading</li> <li>- hatching</li> <li>- cross-hatching</li> <li>- stippling</li> <li>- continuous lines</li> <li>- broken lines</li> <li>- contour lines</li> </ul> <p>create the illusion of form when drawing using graded shading, hatching, cross-hatching stippling, broken and contour lines</p> <p>create depth when drawing through the use of one-point perspective</p> <p>create depth when drawing through the use of foreshortening</p>

	By the end of Key Stage One, children should be able to;		By the end of Lower Key Stage 2, children should be able to;		By the end of Upper Key Stage 2, children should be able to;	
	Cycle A	Cycle B	Cycle A	Cycle B	Cycle A	Cycle B
<b>Painting</b>	<p>mix secondary colours using paint</p> <p>use a range of brush sizes to apply paint</p> <p>create textured paint (by adding sand/plaster)</p>	<p>mix secondary colours using paint with increasing accuracy using an equal mix of 2 primary colours</p> <p>use a range of brush sizes to apply paint</p>	<p>begin to use watercolours to create tints and shades</p> <p>begin to mix tertiary colours (watercolours)</p> <p>select brush size for work on a range of scales (e.g. thin brush for a small picture)</p> <p>layer mixed media on top of paint to create texture</p> <p>begin to mix and use a limited palette of colours when painting</p>	<p>use watercolours to confidently create tints and shades</p> <p>confidently mix tertiary colours (watercolours)</p> <p>select brush size for work on a range of scales (e.g. thin brush for a small picture)</p> <p>layer mixed media on top of paint to create precision and depth</p> <p>mix and use a limited palette of colours when painting</p>	<p>confidently use different types of paint to mix colours and begin to mix tints and shades</p> <p>begin to adapt paint application to apply paint onto different materials (including fabric) e.g. dab to allow paint to run on fabric</p> <p>begin to apply tints and shades when painting to give the illusion of form (highlights and shadows)</p> <p>begin to use paint to create implied texture through repeated patterns that are close together</p> <p>begin to use complementary colours to create contrast</p> <p>choose and apply warm and cool colours for effect</p>	<p>confidently mix paint to make a range of tints and shades</p> <p>confidently adapt paint application to apply paint onto different materials (including fabric) e.g. dab to allow paint to run on fabric</p> <p>apply tints and shades when painting to give the illusion of form (highlights and shadows)</p> <p>use paint to create implied texture through repeated patterns that are close together</p> <p>use complementary colours to create contrast</p> <p>choose and apply warm and cool colours for effect with confidence</p>
<b>Collage</b>	<p>begin to sort and match a range of materials for different purposes e.g. by colour, texture</p> <p>create collage by:</p> <ul style="list-style-type: none"> <li>- using a range of materials (e.g. fabric, threads, buttons, feathers, tissue paper, paper, magazines)</li> <li>- using a range of textures</li> <li>- cutting, overlapping and arranging shapes with straight and curved sides</li> </ul> <p>cut, fold, crumple and tear materials</p> <p>glue materials to different backgrounds</p>	<p>sort and match a range of materials for different purposes e.g. by colour, texture</p> <p>create collage using a range of materials and textures using by cutting, overlapping and arranging shapes with straight and curved sides</p>	<p>use a variety of paper to create collages</p> <p>cut, overlap and arrange geometric and biomorphic shapes to represent an image</p> <p>create collage on different scales</p> <p>begin to use object placement in the foreground and background to create depth</p>	<p>use a wider variety of paper to create collages</p> <p>confidently cut, overlap and arrange geometric and biomorphic shapes to represent an image</p> <p>create collage on different scales</p> <p>use object placement in the foreground and background to create depth</p>	<p>use a wide range of materials to create collages</p> <p>use a variety of collage techniques including layering to create raised texture</p>	<p>use a wide range of materials to create collages</p> <p>use a variety of collage techniques including layering to create raised texture and overlapping to create depth</p>

	By the end of Key Stage One, children should be able to;		By the end of Lower Key Stage 2, children should be able to;		By the end of Upper Key Stage 2, children should be able to;	
	Cycle A	Cycle B	Cycle A	Cycle B	Cycle A	Cycle B
<b>3D Modelling</b>	<p>begin to manipulate plasticine through: kneading rolling (ball and sausage) coiling</p> <p>begin to use simple tools to change the surface texture of plasticine e.g. smooth, rough</p>	<p>manipulate plasticine through: kneading rolling (ball and sausage) coiling joining moulding</p> <p>use simple tools to change the surface texture of plasticine</p>	<p>begin to press, mould, roll and slip [to join] clay</p> <p>use clay tools with some support</p> <p>pinch and smooth clay to create texture</p>	<p>press, mould, roll and slip [to join] clay</p> <p>use clay tools with confidence</p> <p>pinch and smooth clay to create a variety of textures</p>	<p>Use and apply skills taught in KS1 and LKS2</p>	<p>Use and apply skills taught in KS1 and LKS2</p>
<b>Printing</b>	<p>create simple prints using paint</p> <p>print simple repeated patterns</p> <p>choose colours to create a particular mood when printing</p> <p>use a variety of printing techniques with some support:</p> <ul style="list-style-type: none"> <li>- block colour print (create a card/foam block print by cutting around an outline)</li> <li>- mono-print press/poly print</li> </ul>	<p>create increasingly complex prints using paint</p> <p>print repeated patterns</p> <p>choose colours to create a particular mood when printing</p> <p>use a variety of printing techniques:</p> <ul style="list-style-type: none"> <li>- block colour print (create a card/foam block print by cutting around an outline)</li> <li>- mono-print press/poly print</li> </ul>	<p>Introduce to relief printing.</p>	<p>Print more complex repeated patterns.</p>	<p>use a variety of printing techniques with some support:</p> <ul style="list-style-type: none"> <li>- carbon printing</li> <li>- mono-printing</li> <li>- trace-printing</li> </ul> <p>begin to use different types of line when trace-printing including: continuous lines, broken lines, contour lines</p> <p>begin to create value when carbon printing by using e.g. shading, hatching, cross-hatching and stippling</p> <p>begin to create depth when mono-printing through the use of one-point perspective and foreshortening</p> <p>work into prints with a range of media e.g. pens, collage materials and paint</p>	<p>use a variety of printing techniques:</p> <ul style="list-style-type: none"> <li>- carbon printing</li> <li>- mono-printing</li> <li>- trace-printing</li> </ul> <p>use different types of line when trace-printing including: continuous lines, broken lines, contour lines</p> <p>create value when carbon printing by using e.g. shading, hatching, cross-hatching and stippling</p> <p>create depth when mono-printing through the use of one-point perspective and foreshortening</p> <p>work into prints with a range of media e.g. pens, collage materials and paint</p>
